Summary

OBJECTIVE

I am an Audio Engineer skilled in mixing, recording, and broadcasting. I am also a dedicated, detailed, and efficient worker who would be invaluable to any company or client.

Experience

Songwriter & Producer for Final Project

NYU Steinhardt School of Culture, Education, and Human Development Jul 2020 - Jul 2020 (1 month)

Learned how to use ProTools to create and record a group project

Songwriter for Final Project

School of Creative and Performing Arts

Jun 2018 - Jun 2020 (2 years 1 month alumni)

Gained field research by recording an original song at Dubway Studios. Wrote, sang, and produced myself using Logic Pro.

Education

SAE Institute North America

Associates of Applied Science, Audio Engineering

2022 - 2023

Learned to use Ableton Live for live sound, and sound design, as well as ProTools for studio recording, mixing, and mastering.

Also learned basic studio equipment building, maintenance, and repair.

Bachelors of Applied Science, Audio Engineering

2023 - 2025

Learned to use Max for Live, Unity, Resolume, OBS, and Dante for audio and visual projects.
